

At Project Wedding Day, we don't just document weddings—we craft timeless memories with intention, clarity, and direction. Every celebration begins with your story, shaped through a process designed around you.

"Project wedding day, thank you for making our dream shoot in our fave place in Japan, Kawaguchiko, come true 😍 we had so much fun during the shoot and felt so comfortable with Ed! Tho it was so cold on that day, Ed truly went above and beyond to capture the best snaps for us..."

Geraldine Cheng

"You only get one photographer and videographer opportunity for the special day and we are so glad we went with PWD. Edmund, Alan and the wider PWD team truly hand held us (clueless couple) through the ideation, concept and execution on the day itself. The pictures and videos turned out wonderfully and we are so grateful to have these memories to fall back on."
